Homework Assignment 4

Deadline: April 6, midnight

Source: Stock and Watson, 4th Edition, Exercise 6.1

Data description: You can find the data description here.

Questions

a. Regress (i) birthweight on smoker and (ii) birthweight on smoker, alcohol, and nprevist. Compare the estimated coefficient on smoker in (i) and (ii). Does the regression suffer from omitted variable bias? Briefly discuss the potential endogeneity program.

b. Predict the birthweight for a child whose mother smoked during the pregnancy, did not drink alcohol, and had 8 prenatal care visits.

c. Compare the R-squared and adjusted R-squared from (ii), why are they so similar?

Header for the R script

Start a new R script, copy/paste the header below and save it to Dropbox\EC282\Assignment4 or a similar path that you created for this homework assignment. Run the R script and make sure that you have the data df1 in your environment. Conduct the analysis below the header.

```
# list the packages we need and loads them, installs them automatically if we don't have them
# add any package that you need to the list
need <- c('glue', 'dplyr','readxl', 'ggplot2','tidyr','AER','scales','mvtnorm',</pre>
         'stargazer','httr', 'repmis')
have <- need %in% rownames(installed.packages())</pre>
if(any(!have)) install.packages(need[!have])
invisible(lapply(need, library, character.only=T))
# Save the R script to the assignment 1 folder before this
# To set up the working directory
getwd()
setwd(getwd()) #change getwd() here is you need to set a different working directory
#this clears the workspace
rm(list = ls())
#this sets the random number generator seed to my birthday for replication
options(scipen=999)
#get the data url
df1.url <- 'https://www.dropbox.com/s/z8r6hc0r4ytt4f8/birthweight smoking.xlsx?dl=1'
#download the data
GET(df1.url, write_disk(tdf <- tempfile(fileext = ".xlsx")))</pre>
#check if it worked
df1 <- read excel(tdf) %>%
   mutate(birthweight = birthweight + rnorm(length(birthweight)) * 50)
```

head(df1)

#CONDUCT THE ANALYSIS BELOW
